

## Original Taiyo Technics Software converted for KORG Pa1X-Series

Good news for all Pa1X/pro users and former TECHNICS users now becoming part of the KORG family. The "TECHNICS.SET" presents a favourite selection of 70 professional programmed **KN-6000 / 7000** Styles mostly loved by German entertainers including Country & Rock, Party & Schlager, Big Band & Swing, Waltzes & Polka, 8 & 16 Beat, Latin & Reggae, Ballroom, Dance & Pop, Traditionals, International Chart-Hits and much more.

**Please note: The use of Operating System v.2.0 (or higher) and Musical Resources v.2.0 (or higher) is mandatory.**

### How to load the folder "TECHNICS.SET"

- By loading this folder, you will load 70 Styles with a single operation.

**Warning:** All USER Styles will be replaced -

1	Unzip the downloaded file, to obtain the "TECHNICS.SET" folder.
2	Copy the "TECHNICS.SET" folder into a floppy disk.
3	Insert the floppy disk containing the "TECHNICS.SET" folder into Pa1X(pro)'s disk drive.
4	Press the "DISK" button.
5	Press the "Load" tab in the display.
6	Select the floppy disk, by choosing the "FD" option from the pop-up menu on the lower-left side of the display.
7	Select the "TECHNICS.SET" folder by simply touching it in the display.
8	Press the "LOAD" button in the lower-right part of the display.
9	The "Are you sure?" message appears. Answer "YES".
10	The folder is loaded.

### How to load single Styles

- Here is how to load single Styles where you best prefer -

1	Unzip the downloaded file, to obtain the Style to load.
2	Copy the Style, you want to load, into a floppy disk.
3	Insert the floppy disk containing the file into Pa1X(pro)'s disk drive.
4	Press the "DISK" button.
5	Press the "Load" tab in the display.
6	Select the floppy disk, by choosing the "FD" option from the pop-up menu on the lower-left side of the display.
7	Select a ".SET" file, for example "16BTROCK.SET" by simply touching it in the display.
8	Press the "OPEN" button in the display. Then touch the "STYLE" folder and press "OPEN". Touch the "USER01.STY" folder, and press "OPEN".
9	Now choose the file "01:01 16 Beat Rock". This is the Style that will be loaded.
10	Press the "LOAD" button in the lower-right part of the display. Now select a target USER location where to load the Style (by using the Dial). Choose an <empty> location. If no more empty locations are available, you must overwrite an existing Style.
11	Press "OK". When the "Are you sure?" message appears, answer with "YES".
12	The Style is loaded into the location you choose.
13	To load other Styles, repeat the operations from Step 1 to 11.

## Contents of “TECHNICS.SET”

**Please find following information on:**

- The original name of the TECHNICS Disks and Style names
- The name of the converted Styles as they appear in the Pa1X(pro)'s display
- The Style position in the USER banks after having loaded the “TECHNICS.SET” file
- The list of names of the individual files
